In re: Low Power Television Application of:
DTV America II, LLC
Channel 21, Canton, OH.
File no.: 0000004269
Facility Id No.: 184283

Dear Applicant:

We are currently processing the amended proposal for the above captioned application which was filed for the purpose of resolving the deficiency as outlined below:

Specifically, the protected contour of the above referenced proposed digital facility does not overlap with the protected contour of the existing digital license application file number 0000004173.

Our engineering analysis taking into account the amended specification reveal that the protected contour of the above referenced proposed digital facility still does not overlap with the protected contour of the existing digital license application file number 0000004173; therefore, the above referenced proposal LMS-0000004269 IS HEREBY DISMISSED.

Sincerely

Hossein Hashemzadeh
