

WGSA(TV), Facility ID 69446
Baxley, GA
Southern TV Corporation
FRN 0003-7596-51

Reason for Going Silent

Licensee is having a dispute with the lessor at its transmitter site. Lessor locked the WGSA power source for the main transmitter tube, forcing the station off the air.

The lessor is a competing broadcaster in the Savannah, Georgia, DMA. The licensee is considering its options for making a claim against the lessor for anticompetitive conduct.

Meanwhile, WGSA cannot operate until it is able to obtain access to electric power. Negotiations to resolve the problem are in progress.
