Request for Extension of Authority to Remain Dark
Fee Information

Fee Information for Request for Special Temporary Authority to Remain Dark

There is no fee required for an extension of authority for a station to remain off the air ("Dark STA Extensions"). Currently, there is no mechanism in the FCC's Licensing and Management System to accept Dark STA Extensions. Therefore, the instant request is submitted as a request for a Legal Special Temporary Authority. However, as there is no fee required for Dark STA Extension requests, no fee is submitted with the instant request.
