

Interference Study

K03HY-D

June 22, 2016

The applicant has a reciprocal interference waiver agreement with KCSO-LD, which has been attached below. The engineer for KCSO-LD did an interference analysis between the existing interference from KCSO-LD at its licensed facility compared to the recently granted move of KCSO-LD into Sacramento, and the interference is expected to be reduced between K03HY-D and KCSO-LD for this proposed minor mod of K03HY-D and the minor mod recently granted for KCSO-LD. The applicant also has a waiver agreement with Joseph Fiori, owner of K04RS-D, Facility ID 182086. Also, an application has been filed by Joseph Fiori to sell K04RS-D to One Ministries, Inc., but the assignment application has not yet been granted yet. The applicant is owner of all of the stations that would receive interference from this proposed move. Those stations include KTVJ-LD, K03IC-D, KQRO-LD, K02QP, KQRM-LP.

Waiver Agreement to K04RS-D (Facility ID 182086):
