

Engineering Statement

July 6, 2016

Wolf Point TV District

K19JR-D FI 73379

K06AV-D FI 73376

K13FP-D FI 73378

K04GF-D FI 73377

The within application moves the facility to a different location which has significant service contour overlap with the underlying license and serves the same community thanks to recent damage to the transmitter site. Antenna mounting structure is not registered. It passes TOWAIR and clears glide slope to Roosevelt Airfield, Wolf Point, MT. Interference study shows compliance with all applicable portions of para 74.793. Nier is less than 5% of the limit for this service.

Respectfully submitted,
Byron W. St. Clair
