AMENDMENT TO CHILDREN'S TELEVISION PROGRAMMING REPORT – WRAZ-TV

This report was inadvertently filed during the 1st quarter 2016 reporting period containing 1st quarter information. However, it was labeled as 2nd quarter 2016 in the FCC Licensing and Management System.

In order to submit the Children's Television Programming Report for 2nd quarter 2016, the previous report filed required amending. This report has been amended to reflect the correct programming including airdates, preemptions, and other matters for 2nd quarter 2016.
