Exhibit to FCC 398 Section 7 (c)
OTA Broadcasting (PIT) LLC

Amended 398 reports are being filed as the original reports, which were timely filed (and attached as exhibit hereto) included errors in calculation of the number of hours of E/I programming which aired on the station. These errors are corrected on the Amended Reports.

Additionally, in reference to the broadcast of the same programming on the analog and the digital channel both, licensee asserts that stations changed from analog to digital on the dates which are so identified for each station.

A handwritten signature in black ink, appearing to read "Carol LaFever", is written over a horizontal line.
