Dear Applicant:

This is in reference to the above captioned application.

On August 26, 2016, the licensee as addressed above was sent a 30 day deficiency letter outlining the following issue:

Our preliminary engineering analysis of the proposed facilities indicates that the site coordinates specified in the application is within the restricted geographic area as it was established by first-come first-serve public notice released on June 29, 2009 (DA-09-1487A1). Specifically, your proposed site is within 121 km of the following market(s):

1. Columbia, South Carolina. Distance = 98.0 km

You were given the opportunity to file a minor amendment to resolve the specified geographic restriction issue within (30) days from the date of that letter. Amendments must be filed electronically. If not so amended, your application will be considered incomplete and subsequently dismissed.

Our records shows that no amendment has been filed as of October 3, 2016, to resolve the above referenced deficiency; therefore, the LMS application 0000013572 IS HEREBY DISMISSED.

Sincerely;

Hossein Hashemzadeh
