Request for Special Temporary Authority

EXPLANATION OF EXTRAORDINARY CIRCUMSTANCES

Station KAGN-CD rebroadcasts the signal of station KAJN-CD. KAJN-CD experienced a lightning strike which ultimately led to the need to remove a part and return it to the manufacturer for repairs. Accordingly, the station went silent on September 21, 2016. The station is pursuing repair and reinstallation of the damaged part as expeditiously as possible and expects to return to operation as soon as the repaired part can be re-installed. It is respectfully requested that the station be granted Special Temporary Authority to remain silent for a period of up to 180 days to complete repairs.
