

## Reason for Amended Filing

This amended filing represents a revised submission that updates the station's response to the program guides certification following the discovery of a long-standing oversight in which the station prepared but did not properly send the requisite e/i Programming Information (*i.e.*, e/i designation and age ranges) to the program listing services. This oversight was the result of an error in the exportation of the station's program schedules, which gave the appearance that the requisite information had been sent when, in fact, it had not. Since the discovery of this export error, the station has instituted the necessary corrections, including the use of updated processes, staff training, and the implementation of a system of checks and balances to ensure a similar error does not go undetected again.
