

TECHNICAL SUMMARY
APPLICATION FOR CONSTRUCTION PERMIT
CLASS A TELEVISION STATION WBPI-CD
AUGUSTA, GEORGIA
CHANNEL 19 8.14 KW 311.5 M AMSL

1. The instant application is the initial 90-day ‘Checklist’ application for the reassigned facilities of WBPI-CD, Augusta, GA (Channel 19). The proposed WBPI-CD facility will replace its existing antenna with one of a similar type as now installed, but with capability for operation on Channel 19.
2. The ground elevation of the transmitter site was updated to agree with the antenna structure registration data. With that change, the antenna radiation center height above mean sea level is specified as 311.5 m.
3. There is no extension of the predicted service area relative to the baseline reassignment facility listed in the FCC’s Closing and Channel Reassignment (CCR) *Public Notice*. Also, the proposed facility is compliant with the 95% population service requirement relative to the CCR baseline facility as outlined in the CCR.
