Engineering Statement Amendment

WVGN-LD FI 130029

AMENDMENT EXHIBIT: In response to a thirty day deficiency letter, the ERP of the within application is revised downward to eliminate some nominal interference whose total exceeds the 2 % upper limit in this service. This is section III, question 9. The ERP is revised downward from 4.0 kW to 3.25 kW. No other changes are proposed at this time. Date and time: 201706262211

Respectfully submitted,

B. W. St. Clair
Engineering Consultant
