

**WFTY-DT, Smithtown, New York**  
**Facility ID 60553**  
**Request for Special Temporary Authority**

Univision New York LLC, licensee of WFTY-DT (the “Station”), Smithtown, New York (the “Station”), respectfully requests Special Temporary Authority (“STA”) to operate with reduced power pending repairs.

On June 24, 2017, the Station experienced the failure of one of the Inductive Output Tube (“IOT”) tubes on its twin tube main transmitter. As a result, the station is currently operating at 50% of authorized power. The Station is working diligently to restore full power operations, but a new tube is not expected to be delivered until July 17, 2017 at the earliest and it is therefore unlikely that the repairs will be completed by July 24, 2017. Accordingly, Univision New York LLC hereby seeks authorization to operate at 50% of authorized power for 180 days or until it completes the repairs necessary to resume full power operation of the Station as authorized pursuant to BLCDT- 20120427ABO, whichever is sooner.
