

PURPOSE OF AMENDMENT

The FCC informed the licensee that the 1% expansion allowance cannot be used by nondirectional stations within Canadian coordination distance. Accordingly, an amendment application is being filed to reduce the ERP to the assigned ERP of 365 kW. The application therefore becomes a “checklist” application which does not require a TVStudy exhibit.

CERTIFICATION

This technical statement was prepared by William T. Godfrey, Jr., Engineering Associate with the firm Kessler and Gehman Associates, Inc. having offices in Gainesville, Florida, and has been working with the firm in the field of radio and television broadcast consulting since 1998.
