

Notification of Resumption of Operations

On July 6, 2017, Crown Castle, the owner of the site transmitting KCETLink's license K26FT, mistakenly removed a microwave dish transmitting K26FT. The accidental removal of the microwave dish—which occurred for reasons wholly beyond KCETLink's control—resulted in the loss of K26FT's service. Pursuant to 47 C.F.R. § 73.1740(a)(4), KCETLink notified the Commission of the suspension in service, and on July 14, 2017, the Commission granted Special Temporary Authority for K26FT-D to remain dark for a period of six months.

This filing provides notice that LPTV Translator station K26FT-D, Santa Barbara, California (Facility ID No. 13450) has resumed normal operations effective July 21, 2017 and no longer requires the Commission's Special Temporary Authority to remain silent.
