

Environmental Statement
Application for Construction Permit
Class A Television Station WYSJ-CA

The proposed site is an existing broadcast site and the tower is existing. Therefore, the modification will not result in any environmental impact. In addition, the licensee, in coordination with other users of the transmission site, shall reduce power or cease operation as necessary to protect persons having access to the tower or antenna from RF energy in excess of the FCC guidelines. Therefore, the proposal complies with the FCC rules regarding human exposure to RF energy.
