

REQUEST FOR WAIVER OF LPTV DISPLACEMENT FILING FREEZE

Better Life Television, Inc. hereby requests a waiver of the LPTV Displacement Filing Freeze for the purpose of filing a displacement application for its LPTV station KAMK-LD, Eugene, Oregon (Fac ID #24009). This request is submitted pursuant to the Commission's instructions in *Incentive Auction Task Force and Media Bureau Set Forth Tools Available to LPTV/Translator Stations Displaced Prior to the Special Displacement Window*, DA 17-854, released June 14, 2017.

KAMK-LD presently is licensed to operate on Channel 49. Better Life has received notification from T-Mobile that it plans to initiate 600 MHz-band wireless service in the area where KAMK-LD broadcasts by November 27, 2017, and has indicated that KAMK-LD must cease operating on Channel 49 by that date. A copy of the letter from T-Mobile accompanies this request.

The Commission does not anticipate opening the LPTV Special Displacement Filing Window until well after November 27, 2017. Consequently, Better Life is eligible to request this waiver. Better Life proposes to move KAMK-LD to Channel 5.
