Request for Special Temporary Authority

LSB Broadcasting, Inc. ("LSB"), licensee of Digital Television Station KYTX, Nacogdoches, Texas (the "Station"), respectfully requests Special Temporary Authority ("STA") to operate with reduced power pending repairs.

In late August, the Station began to experience damage from a power amplifier module. The Station began its discussions with its outside vendor UBS to repair the module. Unfortunately, the vendor was unable to timely repair the equipment. As a result, the Station is currently operating at 40% of authorized power. The Station hereby seeks authorization to operate at 40% of authorized power for 180 days or until it completes the repair or replaces the transmitter so that it can resume full power operation of the Station as authorized pursuant to BLCDDT-20070810AAO, whichever is sooner.
