

TV Station KUBD • Channel 13 • Ketchikan, Alaska

Antenna Structure Registration Exhibit for FCC Form 2100, Schedule A

The purpose of the accompanying application is to provide a minor amendment to the pending TV Station KUBD minor change application (BLANK-0000001063) to revise the site geographic coordinates, site elevation, overall antenna support structure height, and radiation center heights, along with adjustments to associated filing freeze waiver request and environmental exhibits. FCC ASR No. 1294293 was recently amended to reflect coordinate and height revisions resulting from a survey of the site.
