

### **Silent STA Request**

WWLM-CD went off-air on October 25, 2017, due to a loss of its feed station. OTA Broadcasting (PIT), LLC is in the process of negotiating an agreement that will result in WWLM-CD returning to operation in the near future. It is in the public interest to grant this request for special temporary authority as it will permit WWLM-CD to return to operation for the benefit of the residents of Washington, Pennsylvania.
