REQUEST FOR WAIVER OF
LPTV DISPLACEMENT FILING FREEZE

Better Life Television, Inc. hereby requests a waiver of the LPTV Displacement Filing Freeze for the purpose of filing a displacement application for its LPTV station K48GO-D, Cave Junction, Oregon (Fac ID #5012). This request is submitted pursuant to the Commission's instructions in *Incentive Auction Task Force and Media Bureau Set Forth Tools Available to LPTV/Translator Stations Displaced Prior to the Special Displacement Window,* DA 17-854, released June 14, 2017.

K48GO-D presently is licensed to operate on Channel 48. Better Life has received notification from T-Mobile that it planned to initiate 600 MHz-band wireless service in the area where K48GO-D broadcasts by October 31, 2017, and has indicated that K48GO-D was required to cease operating on Channel 48 by that date. A copy of the letter from T-Mobile is an attachment with this application. In fact, the station ceased operating on Channel 48 and went silent as of October 30, 2017.

The Commission does not anticipate opening the LPTV Special Displacement Filing Window until early 2018. Consequently, Better Life is eligible to request this waiver. Better Life proposes to move K49GO-D to Channel 18.
