

**All Purpose Exhibit  
for Minor Change Application for Channel Shared Construction Permit**

The instant application on LMS Form 2100, Schedule C is being filed by NBC Telemundo License LLC for a channel sharing arrangement outside the incentive auction context with digital low power TV station KUAN-LD, Poway, Etc., California (FIN 35609) as the sharee station and full-power DTV station KNSD, San Diego, California (FIN 35277) as the sharer (host) station.

NBC Telemundo License LLC is the proposed assignee of KUAN-LD and the licensee of KNSD. The current licensee of KUAN-LD, NRJ TV LA License Co. LLC, granted its consent to the filing of the instant application by NBC Telemundo License LLC pursuant to Section 73.3517(a) of the Commission's rules. *See* Section 6.7 of the Asset Purchase Agreement, dated September 1, 2017, submitted with the FCC 345 application seeking the FCC's consent to the assignment of KUAN-LD from NRJ TV LA License Co. LLC to NBC Telemundo License LLC on November 1, 2017 (File No. BALDTL-20170918ABN). Although the Commission granted the assignment application on November 1, 2017, the parties have not yet consummated this transaction.

Channel Sharing Agreement

There is no written channel sharing agreement as these stations will be commonly owned once the KUAN-LD transaction is consummated and the channel sharing arrangement is implemented.

Multiple Ownership

Low power TV stations are not subject to the FCC's multiple ownership rules.

Environmental Effect

The proposed channel sharing arrangement will utilize the existing licensed technical facilities of KNSD. Accordingly, a grant of the instant application will have no significant environmental effect.
