AGREEMENT

NOW, THEREFORE, taking the foregoing recitals into account, and in consideration of the mutual covenants and agreements contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties, intending to be legally bound, hereby agree as follows:

ARTICLE I COMMENCEMENT

Section 1.1 Term. The term of this Agreement (the “*Term*”) will begin on the date of this Agreement and will continue until the Channel Sharing Expiration Date (as defined on *Schedule 1.1*) unless earlier terminated in accordance with this Agreement or by mutual agreement of the parties.

Section 1.2 Commencement of Shared Operations. The parties shall cooperate to transition Sharee’s Station to the Shared Channel and the Shared Transmission Path as of the date Sharee is required to cease broadcasting on its pre-Incentive Auction channel, or on any other mutually agreeable date determined by the parties within the time required under the Channel Sharing Rules (the “*Commencement Date*”). Any out-of-pocket costs reasonably necessary to modify the Shared Transmission Path for shared use under this Agreement shall be paid by Sharer.

Section 1.3 FCC Filings.

(a) ***Construction Permit Application.*** Within five (5) Business Days of the Effective Date, (i) Sharee shall promptly and timely file with the FCC, and thereafter diligently prosecute, a minor change application for a construction permit for Sharee's Station in order to implement this Agreement (and, if required, include with such application a copy of this Agreement with appropriate redactions of confidential information) (the "***Construction Permit Application***") and (ii) Sharee shall transmit the required notices to viewers and MVPDs. Sharer shall furnish Sharee with such information and assistance as Sharee may reasonably request in connection with Sharee's preparation of the Construction Permit Application. All costs associated with the Construction Permit Application shall be paid by Sharer.

(b) ***License Applications.*** Within five (5) Business Days of the Commencement Date, and subject to the grant of the Construction Permit Application, Sharer and Sharee shall file license applications with the FCC to effect a move of Sharee's Station to the Shared Channel, subject to any applicable FCC deadlines set forth in the Channel Sharing Rules (each a "***License Application***" and, collectively with the Construction Permit Application, the "***FCC Applications***"). Neither party shall take any action that would reasonably be expected to result in the dismissal of any of the FCC Applications without the prior written approval of the other party. The parties shall cooperate in good faith to prepare, submit, and prosecute any other applications with the FCC that may be necessary to implement the sharing arrangement contemplated by this Agreement, including without limitation any necessary community of license change.

Section 1.4 Repacking. If Sharer's Station is being moved to a different frequency in connection with the repacking following the Incentive Auction (the "***Repacking***"), Sharer shall determine any modifications needed to the Shared Transmission Path (and be responsible for the related costs) and shall determine whether or not to acquire equipment that may not be reimbursed by the TV Broadcaster Relocation Fund (or other governmental authority).

ARTICLE II CAPACITY AND FCC LICENSES

Section 2.1 Allocation of Bandwidth. Pursuant to the Channel Sharing Rules, upon commencement of the channel sharing contemplated by this Agreement, Sharer and Sharee shall share the 6 MHz Shared Channel (or 19.39 Megabits per second ("***Mb/s***") as allocated under the current ATSC 1.0 standard) as set forth on *Schedule 2.1*, which may be modified from time to time only by mutual written agreement of the parties, but which, at a minimum, shall provide that each channel sharing licensee shall retain spectrum usage rights adequate to ensure a sufficient amount of the Shared Channel capacity to allow it to provide at least one Standard Definition over-the-air program at all times (no less than 2.0 Mb/s). Sharer and Sharee may elect to implement a mutually beneficial weighting system as allowed by the encoding pool and use the software optimization technology of statistical multiplexing or "Stat Mux" or a successor technology mutually agreed upon by the parties. In such event, each party shall designate one program stream with the highest priority within its allocated capacity, all other program streams shall have a lesser priority, and the parties shall cooperate to devise a system that produces the

best results for each party with minimum picture degradation, subject to the constraints imposed by the agreed allocation of capacity.

Section 2.2 Sublease of Spectrum Rights. Sharer shall have the right, exercisable in its sole discretion in accordance with the Communications Laws, to sublease, transfer or otherwise dispose of any portion of the of the spectrum allocated for its use under this Agreement and its rights under this Agreement, which right shall include the right to enter into a multicast affiliation agreement, a local marketing agreement, time brokerage agreement, or similar third-party arrangement with respect to the Sharer Spectrum (a “**Sub-Sharing Arrangement**”). Sharee shall not have the right to enter into a Sub-Sharing Arrangement.

Section 2.3 Encoding. In order to take advantage of a Stat Mux pool, Sharer and Sharee may implement a single common encoding pool. Each of Sharer and Sharee shall have the right to monitor in real time and audit the Shared Channel’s encoding system to ensure compliance with Section 2.1. Each of Sharer and Sharee shall make all records of such encoding available to the other upon written request during normal business hours.

Section 2.4 Technical Changes.

(a) **Mandatory Changes.** In the event that the FCC requires new standards of modulation or other technical or other modifications to the operation of the Shared Transmission Path or the Shared Channel, the parties will timely make any such modifications in compliance with such requirements established by the FCC. Sharer shall be responsible for any costs to implement such modulation or technical changes. In the event that such changes alter the available bandwidth on the Shared Channel, Sharer and Sharee will cooperate to divide the available bandwidth following such modifications, subject to the conditions of Section 2.4(b).

(b) **New Transmission Technologies.** Sharer shall determine if and when to adopt or deploy the new modulation standard or transmission technology currently known within the television industry as ATSC 3.0 (“**ATSC 3.0 Upgrade**”) for the Shared Channel. Any budget and timeline for implementing the ATSC 3.0 Upgrade shall comply with applicable FCC rules and regulations and meet generally accepted industry standards. Sharer shall be responsible for all costs associated with the ATSC 3.0 Upgrade. For the avoidance of doubt, nothing in this Section 2.4 shall effect, or otherwise be deemed to, modify, enlarge, or increase the absolute number of Mb/s allocated to Sharee in accordance with the allocation of spectrum as of the date hereof.

(c) **Other Upgrades.** Nothing in this Agreement is intended to prohibit either Sharer or Sharee from implementing new transmission systems or new technical standards for its station using the Shared Channel, unless any such new system or standard could reasonably be expected to: (i) adversely affect the other party’s station or the Shared Channel or (ii) require the other party to make a material change in its operations, in which event the other party’s consent shall be required prior to implementing such new system or standard.

Section 2.5 Use of Capacity. Each party shall have the right to use its allocated capacity on the Shared Channel in such party’s sole discretion in accordance with the terms of this Agreement and all FCC rules and regulations, including without limitation broadcasting one

stream or multiple streams and broadcasting content provided by third parties. Neither party shall take any action that interferes with the other's use of capacity on the Shared Channel or the Shared Transmission Path. Sharer shall have the right, in its sole discretion, to enter into additional channel sharing agreements within its allocated capacity that do not have an adverse effect on Sharee's Station or the Shared Channel.

Section 2.6 Transmissions. Each of Sharer and Sharee shall be responsible, at its sole expense, for transmitting its station's programming in a broadcast-ready final format to the Transmitter Site. Sharer shall not alter the content provided by Sharee, provided, however that Sharer may encode, compress or modulate Sharee's content as required to statistically multiplex together the parties' content streams using the parameters set forth in this Agreement.

Section 2.7 FCC Licenses.

(a) *Authorizations.* Each party shall maintain all primary broadcast licenses issued by the FCC, and all other governmental licenses, approvals and authorizations necessary for its operations on its station, in full force and effect during the Term. Neither party shall make any filing with the FCC to modify the Shared Channel without the prior written consent of the other party.

(b) *Compliance with Law.* Each party shall comply with this Agreement, the Communications Laws, the Channel Sharing Rules, and with all other FCC and other applicable laws with respect to its ownership and operation of its station subject to this Agreement and its use of the Shared Channel. In the event that the FCC adopts changes to the Channel Sharing Rules, the parties will undertake good faith negotiations to amend this Agreement in order to comply with such changes to the Channel Sharing Rules. Sharer shall be solely responsible for all content it transmits on the Shared Channel, and Sharee shall be solely responsible for all content it transmits on the Shared Channel.

(c) *Control.* Consistent with FCC rules, each party shall control, supervise and direct the day-to-day operation of its station subject to this Agreement (including its employees, programming and finances), and nothing in this Agreement affects any such respective responsibilities. Neither party shall use the call letters of the other's television station in any medium, except in correspondence with the FCC related to the performance of this Agreement. Without limiting the generality of the foregoing, nothing in this Agreement is intended, nor shall be construed, to establish a joint sales relationship between the parties and in no event shall either party have the right to conduct advertising sales on behalf of the other or to hold itself out as the agent of the other party for such sales.

(d) *Channel Sharing Documents.* Each party shall notify the other of all documents filed with or received from the FCC with respect to this Agreement, the transactions contemplated hereby or the Shared Channel, and shall provide the other with copies of such documents to the extent permitted by FCC rules and other applicable laws.

(e) *FCC Fees.* Each of Sharer and Sharee shall be responsible for timely payment of all fees owed by it to the FCC with respect to its television station using the Shared Channel. Each of Sharer and Sharee shall be responsible for any joint fees, if any, assessed by

the FCC on or with respect to the Shared Channel as allocated between the parties on a basis proportional to the allocation of spectrum pursuant to Section 2.1.

ARTICLE III OPERATIONS

Section 3.1 Shared Transmission Path.

(a) *Transmitter Site.* Subject to the Transmission Facilities Lease, Sharer shall provide Sharee with reasonable access to the Shared Transmission Path during normal business hours upon reasonable notice to Sharer, and upon twenty-four (24) hours' notice outside of normal business hours, including a right to ensure ongoing broadcast operations in the ordinary course consistent with past practices of Sharer's Station and good engineering practices customary in the television broadcast industry. Sharer shall maintain the Transmission Facilities Lease in full force and effect during the Term and shall not modify such lease in any manner that affects Sharee's payment responsibilities under this Agreement without the prior written consent of Sharee.

(b) *Shared Transmission Path.* A list of material items of Shared Transmission Path as of the date of this Agreement is attached hereto as *Schedule 3.1(b)*. The Shared Transmission Path shall include any replacements of such items or additions thereto as mutually agreed by the parties from time to time in accordance with this Agreement. Title to all items comprising the Shared Transmission Path shall remain with Sharer. The shared use under this Agreement does not constitute a conveyance of title. Sharee may use the Shared Transmission Path only in the operation of Sharee's Station and for no other purpose. Sharer shall maintain the Shared Transmission Path consistent with good engineering practices and shall determine, in its reasonable good faith discretion, any ordinary course maintenance and repairs, non-ordinary course capital expenditures, upgrades or replacements necessary or desirable with respect to the Shared Transmission Path.

(c) *Exclusive Equipment.* Subject to any restrictions imposed by the owner of the Transmitter Site, Sharee may install equipment owned solely by it at the Transmitter Site. Each party shall, at its own expense, maintain, repair and replace any equipment owned or leased solely by it located at the Transmitter Site in accordance with past practice. Title to all such equipment solely owned by a party shall remain with such party.

(d) *Operations.* Sharee shall not permit to exist any lien, claim or encumbrance on the Shared Transmission Path, except with respect to transmission equipment owned separately by Sharee and that it is not part of the Shared Transmission Path. Each of Sharer and Sharee shall:

(i) not interfere with the business and operation of the other's television station or the other's use of such facilities.

(ii) use the Shared Transmission Path only for the operation of its television station in the ordinary course of business, including any purpose permitted under the terms of its station's FCC authorizations and the Communications Laws.

(iii) maintain, at its own expense, sufficient insurance with respect to its use of the Shared Transmission Path and operations from the Shared Transmission Path during the Term and shall name the other broadcaster as an additional insured under such policies; and

(iv) comply in all material respects with all laws applicable to its operations relating to the Shared Transmission Path.

(e) *Alteration to Shared Transmission Path.*

(i) Sharee shall not upgrade or modify the Shared Transmission Path without the prior written consent of Sharer.

(ii) In the event Sharer wishes to make an expenditure to upgrade or replace the Shared Transmission Path or any portion thereof, Sharer shall have the right to purchase and install the desired equipment, at its sole cost and expense, and shall retain sole title to such equipment during the Term and after the termination or expiration of this Agreement, and Sharee shall cooperate, at the Sharer's expense, to the extent reasonably necessary to ensure that such upgrade or replacement is accomplished; *provided* that such equipment does not (A) interfere with, harm or adversely affect the Shared Transmission Path or other operations of Sharee's Station or (B) degrade the signal of Sharee's Station.

(f) *Hazardous Materials.* Each of Sharer and Sharee shall: (i) comply with all environmental laws applicable to its operations from the Shared Transmission Path; (ii) not cause or permit the release of any hazardous materials on, to or from the Shared Transmission Path in violation of any applicable environmental laws; (iii) not take any action that would subject the Shared Transmission Path to permit requirements for storage, treatment or disposal of hazardous materials; and (iv) not dispose of hazardous materials on the Shared Transmission Path except in compliance with applicable law.

Section 3.2 Interference. Neither Sharer nor Sharee shall modify its respective operations in any manner that could be reasonably expected to interfere with, or otherwise impair, the other party's broadcast operations or the video quality of end-user viewers in such a way that would be perceptible to the average viewer. The parties shall use commercially reasonable efforts to avoid interference between their respective operations and shall promptly resolve any interference that may arise in connection with such operation. In the event interference to such signals or operations does occur, the party experiencing interference shall notify the other party in writing and the party so notified shall take all commercially reasonable steps to correct such interference in all material respects as promptly as practicable.

Section 3.3 Expenses. Each of Sharer and Sharee shall be responsible for the costs and expenses relating to the Shared Transmission Path as set forth on *Schedule 3.3*.

Section 3.4 Regulatory Obligations.

(a) *Individual Regulatory Obligations.* Each party shall use commercially reasonable efforts to ensure ongoing operations of Sharer's Station and Sharee's Station, as applicable, consistent with good engineering practices and in a manner compliant with the Communications Laws. Such commercially reasonable efforts shall include, at minimum,

prompt notice to the other party of material communications to and from the FCC that may relate to a station's operations and frequent coordination to minimize any necessary disruptions to operations that may affect both stations. Each party shall be responsible for compliance with provisions of the Communications Laws pertaining to their respective programming, personnel, finances and regulatory reporting obligations.

(b) *FCC Conditions.* If the FCC imposes a condition on the approval, performance or terms and conditions of this Agreement that (i) has the effect of materially increasing the cost of performance by a party of its obligations under this Agreement, or (ii) that cancels, changes or supersedes any material term or provision of this Agreement (collectively, a "**Regulatory Condition**"), then the parties shall negotiate in good faith to modify this Agreement in a manner consistent with the form, intent, and purpose of this Agreement and as may be necessary to comply with such Regulatory Condition, while maintaining to the greatest extent possible the benefit of the bargain of this Agreement prior to the imposition of such Regulatory Condition. In the event that no modification is possible that would both satisfy the Regulatory Condition and reasonably maintain the benefit of the bargain, either party may terminate this Agreement by written notice to the other.

Section 3.5 Surrender Upon Termination. Upon termination of this Agreement, Sharee shall reasonably promptly vacate the facilities comprising the Shared Transmission Path, remove all of its assets and employees (if any) from such site, surrender the Shared Transmission Path in substantially the same condition existing as of the date hereof (reasonable wear and tear excepted) and return to Sharer all keys and other means of entry to the Transmitter Site and the Shared Transmission Path held by Sharee.

Section 3.6 Representations and Warranties.

(a) *Organizational Matters.* Each party hereto represents and warrants to the other party hereto that as of the date hereof: (i) it is a corporation, limited liability company or general partnership (as applicable) duly organized and validly existing under the laws of its place of organization; (ii) it is in good standing in the jurisdiction of its organization and, if necessary, is qualified to do business in the state in which the Transmitter Site is located; (iii) it has full power and authority and has taken all corporate action necessary to enter into and perform this Agreement and to consummate the transactions contemplated hereby; and (iv) this Agreement is its legal, valid and binding obligation, enforceable in accordance with the terms and conditions hereof.

(b) *Sharer Representations.* Sharer represents and warrants to Sharee that: (i) it has obtained all FCC and other material governmental agency approvals necessary for its operations on Sharer's Station as currently operated by it, (ii) its ownership and operation of Sharer's Station complies with the FCC rules, regulations and policies and other applicable laws in all material respects, (iii) the FCC license for Sharer's Station has not expired or been cancelled, (iv) it has provided a true, correct and complete copy of the Transmission Facilities Lease to Sharee, (v) the Transmission Facilities Lease is in full force and effect, and Sharer has not given or received any notice of default, cancellation or surrender under the Transmission Facilities Lease that has not been resolved, and (vi) to Sharer's knowledge, the Shared Transmission Path are not subject to eminent domain, condemnation or similar proceedings.

(c) *Sharee Representations.* Sharee represents and warrants to Sharee that: (i) it has obtained all FCC and other material governmental agency approvals necessary for its operations on Sharee's Station as currently operated by it, (ii) its ownership and operation of Sharee's Station complies with the FCC rules, regulations and policies and other applicable laws in all material respects, (iii) the FCC license for Sharee's Station has not expired or been cancelled.

Section 3.7 Necessary Actions by Host Licensee. Sharer acknowledges that the FCC licenses with respect to Sharer's Station are held directly by Host Licensee, a wholly-owned subsidiary of Sharer and, accordingly, to the extent it shall be deemed necessary for Host Licensee to undertake or refrain from any action that may be contemplated by the terms and conditions of this Agreement, Sharer covenants and agrees that it shall cause Host Licensee to undertake or refrain from, as applicable, any such action.

ARTICLE IV INDEMNIFICATION

Section 4.1 General Indemnification. Subject to Section 4.3, each party shall indemnify, defend and hold the other harmless from and against any and all loss, liability, cost and expense (including reasonable attorneys' fees) arising from: (i) any breach of any representation or warranty made by it under this Agreement, (ii) failure to comply with the covenants and obligations to be performed by it under this Agreement, and (iii) its use of the Shared Transmission Path or the Shared Channel.

Section 4.2 Programming Indemnification. Without limiting the terms of Section 4.1, subject to Section 4.3, each party shall indemnify, defend and hold the other harmless from and against any and all loss, liability, cost and expense (including reasonable attorneys' fees) arising from the programming, advertising and operation of its television station using the Shared Channel, including without limitation for indecency, libel, slander, infringement of trademarks or trade names, infringement of copyrights and proprietary rights, violation of rights of privacy and other violations of rights or FCC rules or other applicable law.

Section 4.3 Liability. Except (a) to the extent arising from a claim against an indemnified party by a third party giving rise to a loss subject to indemnification hereunder or (b) in the case of personal injury, including death, and damages to tangible property caused by the gross negligence or willful misconduct of a party or its employees, agents or subcontractors, in no event shall any party have any liability, whether based on contract, tort (including negligence or strict liability), warranty or any other legal or equitable grounds, for any punitive, consequential, indirect, exemplary, special or incidental loss or damage suffered by the other arising from or related to the performance or nonperformance of this Agreement, including loss of data, profits, interest or revenue or interruption of business, even if such party has been informed of or might otherwise have anticipated or foreseen the possibility of such losses or damages.

Section 4.4 Disclaimer of Warranties. EXCEPT AS OTHERWISE EXPRESSLY PROVIDED IN THIS AGREEMENT, INCLUDING THE EXPRESS REPRESENTATIONS AND WARRANTIES SET FORTH IN SECTIONS 2.7 AND 3.6, NEITHER PARTY MAKES ANY OTHER REPRESENTATIONS OR GRANTS ANY WARRANTY, EXPRESS OR

IMPLIED, EITHER IN FACT OR BY OPERATION OF LAW, BY STATUTE OR OTHERWISE, AND EACH PARTY SPECIFICALLY DISCLAIMS ANY OTHER REPRESENTATIONS AND WARRANTIES, WHETHER WRITTEN OR ORAL, OR EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF QUALITY, STANDARD OF CARE OR METHOD OF PERFORMANCE WITH RESPECT TO THE MAINTENANCE AND OPERATION OF THE SHARED TRANSMISSION PATH.

ARTICLE V TERMINATION AND REMEDIES

Section 5.1 Termination. This Agreement may be terminated as follows:

(a) *Mutual Consent.* The parties may terminate this Agreement at any time by mutual written agreement.

(b) *Breach.* Either party may terminate this Agreement by written notice to the other party in the event of a material breach or default by the other party, subject to the following terms and conditions:

(i) For purposes of this Agreement, a material breach or default under this Agreement shall be defined as a breach of a material obligation of a party under this Agreement that (A) results in a fundamental impairment of a party's ability to broadcast its programming on the Shared Channel or (B) constitutes a failure by a party to pay the other party any undisputed payment owed under this Agreement which is not cured within forty-five (45) days after written notice, *provided* that in each event, the non-breaching party shall have provided at least thirty (30) days prior written notice of such material breach to the breaching party.

(c) *Loss of License.* If a party's FCC license to use the Shared Channel is voluntarily or involuntarily revoked, rescinded, relinquished, canceled, withdrawn, surrendered, not renewed, or otherwise terminated for any reason, then simultaneously therewith all spectrum usage rights for the full 6 MHz Shared Channel shall revert to the other party and this Agreement shall terminate. The parties shall make and prosecute such FCC filings and take such further actions as applicable and as may be reasonably necessary for the remaining licensed party to assume (and thereafter be the sole holder of) the Shared Channel and convert its FCC license to non-shared status.

(d) *Insolvency.* Either party may terminate this Agreement by written notice to the other upon (i) the institution by or against the other party of insolvency, receivership or bankruptcy proceedings which is not dismissed within sixty (60) days of the date of filing, (ii) the other party making an assignment for the benefit of creditors or (iii) the other party's dissolution or ceasing to do business.

(e) *Regulatory Condition.* Each party may terminate this Agreement upon a determination that this Agreement may not be modified to satisfy a Regulatory Condition pursuant to the terms and subject to the conditions of Section 3.4(b).

(f) *Survival.* No termination shall relieve a party of liability for failure to comply with this Agreement prior to termination. Notwithstanding anything herein to the contrary,

Article 4, Sections 5.1(c), 6.1 and 6.7 shall survive any termination or expiration of this Agreement.

Section 5.2 Payment Deficiency. In the event of a default by Sharee of any of its payment obligations under this Agreement, which default is not cured within forty-five (45) days of written notice by Sharer of such payment default, the amount due to Sharer shall be deemed to accrue interest from the date such payment was originally due, calculated at an annual rate (but with interest accruing on a daily basis) of two percent (2%) above the prime rate as reported in *The Wall Street Journal* as of the date of such determination.

Section 5.3 Sharee Wind-Down Period. In the event this Agreement is terminated pursuant to Section 5.1, Sharer shall permit Sharee to continue to share spectrum with Sharer as provided in Article 2, and Sharer shall continue to provide the access and services set forth in Section 3.1 and Section 3.2, for a period of up to two hundred seventy (270) days following the effective date of such termination; provided that that during such period Sharee continues to comply with the terms of this Agreement, including any payment obligations.

Section 5.4 Specific Performance. In addition to any other available remedies, in the event of failure or threatened failure by a party to comply with the terms of this Agreement, the other party shall be entitled to an injunction restraining such failure or threatened failure and, subject to obtaining any necessary FCC consent, to enforcement of this Agreement by a decree of specific performance requiring compliance with this Agreement.

Section 5.5 Remedies Cumulative. All rights and remedies provided in this Agreement are cumulative and not exclusive of any other rights or remedies that may be available to the parties, whether provided by law, equity, statute, in any other agreement between the parties or otherwise.

ARTICLE VI MISCELLANEOUS

Section 6.1 Confidentiality. Subject to the requirements of applicable law, all non-public information regarding the parties and their respective businesses and properties that is disclosed in connection with the performance of this Agreement shall be confidential and shall not be disclosed to any other person or entity, except on a confidential basis to the parties' representatives. Section 6.4 Assignment. Except for an assignment to Sharer, Sharee may not assign, sublease or delegate this Agreement without prior written consent Sharer. Sharer shall assign

this Agreement to any assignee or transferee of Sharer's Station. Sharer may assign all of its rights and obligations under this Agreement to any of its affiliates without the consent of Sharee (but with notice thereof to Sharee within five (5) Business Days of such assignment). The terms of this Agreement shall bind and inure to the benefit of the parties' respective successors and any permitted assigns. Except for the foregoing, no assignment shall relieve any party of any obligation or liability under this Agreement. Nothing in this Agreement expressed or implied is intended or shall be construed to give any rights to any person or entity other than the parties hereto and their successors and permitted assigns.

Section 6.5 Force Majeure. Neither party shall be liable to the other party for any failure or delay in the performance of its non-monetary obligations under this Agreement to the extent that the default or delay is caused by an event outside of its reasonable control, including without limitation a fire, flood, earthquake, war, act of terrorism, labor dispute, government or court action, failure of facilities or act of God.

If any court or governmental authority holds any provision of this Agreement invalid, illegal, or unenforceable under any applicable law, then so long as no party is deprived of the benefits of this Agreement in any material respect, this Agreement shall be construed with the invalid, illegal or unenforceable provision deleted and the validity, legality and enforceability of the remaining provisions contained herein shall not be affected or impaired thereby.

Section 6.8 Governing Law. The construction and performance of this Agreement shall be governed by the laws of the State of California without giving effect to the choice of law provisions thereof.

Each of the parties hereto is an independent contractor, and no party is, nor shall be considered to be, the agent of another party for any purpose whatsoever. Neither party has any authorization to enter into any contracts nor assume any obligations for the other party nor make any warranties or representations on behalf of the other party, other than as expressly authorized herein. Nothing in this Agreement shall be construed as establishing an agency, partnership, fiduciary relationship or joint venture relationship between the parties hereto. Neither party is nor shall hold itself out to be vested with any power or right to bind contractually or act on behalf of the other party as the other party's contracting broker, agent or otherwise for committing, selling, conveying or transferring any of another party's assets or property, contracting for or in the name of the other party or making any representations contractually binding the other party.

Section 6.11 Matters Relating to Interpretation and Organization. A reference in the singular shall be deemed to include the plural and the plural shall be deemed to include the singular. All references to "party" and "parties" shall be deemed references to parties to this Agreement unless the context shall otherwise require. The parties agree that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in the construction or interpretation of this Agreement. Except as specifically otherwise provided in this Agreement, a reference to a Section, the Schedules or any Exhibit is a reference to a Section

of this Agreement or the Schedules or Exhibits hereto, and the terms “hereof,” “herein,” and other like terms refer to this Agreement as a whole, including the schedules and exhibits to this Agreement. The terms “or” is used in its inclusive sense (“and/or”). All references to “Dollars” and “\$” refer to the currency of the United States. The division of this Agreement into sections and the insertion of headings are for convenience of reference only and shall not affect the construction or interpretation of this Agreement. “Business Day” means any day excluding Saturdays, Sundays and any day that is a legal holiday under the laws of the United States or is a day on which banking institutions located in New York, New York are authorized or required by applicable law to close.

Section 6.12 Miscellaneous. This Agreement may not be amended except in a writing executed by both parties. No waiver of compliance with any provision hereof or consent pursuant to this Agreement shall be effective unless evidenced by an instrument in writing signed by the party against whom enforcement of such waiver or consent is sought. Whenever this Agreement requires or permits consent by or on behalf of any party hereto, such consent shall be given in writing in a manner consistent with the requirements for a waiver of compliances as set forth in this Section 6.12. This Agreement, together with the other agreements and documents delivered in connection herewith or otherwise in connections with the transactions contemplated hereby and thereby, constitutes the entire agreement and understanding among the parties hereto with respect to the subject matter hereof and supersedes all prior agreements and understandings with respect to the subject matter hereof. Neither party makes any representation or warranty with respect to the transactions contemplated by this Agreement except as expressly set forth in this Agreement. This Agreement may be executed in separate counterparts, and each such counterpart shall be deemed to be an original instrument, but all such counterparts together shall constitute but one instrument. Delivery of an executed counterpart of a signature page of this Agreement (and each amendment, modification and waiver in respect of it) by facsimile or other electronic transmission shall be effective as delivery of a manually executed original counterpart of each such instrument and shall be treated as an original signature for all purposes.
