### Agreement

NOW, THEREFORE, taking the foregoing recitals into account, and in consideration of the mutual covenants and agreements contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties, intending to be legally bound, hereby agree as follows:

#### ARTICLE 1: COMMENCEMENT

1.1. Term. The term of this Agreement (the “Term”) will begin on the date of this Agreement and will continue until the date five (5) years after the Columbus Commencement Date (as defined in Section 1.2), unless extended or earlier terminated in accordance with this Agreement. The Term shall automatically renew for successive periods of two (2) years each, unless either party gives written notice of non-renewal to the other at least one hundred eighty (180) days prior to the end of the then-current Term.

1.2. Commencement of Shared Operations.

(a) Sharee shall seek to obtain from the FCC a waiver of the channel sharing commencement deadline in respect of Sharee's Station under the Channel Sharing Rules or such other applicable consent of the FCC so that channel sharing under this Agreement may commence no earlier than the Threshold Date (as defined in Schedule 1.2).

(b) The parties shall cooperate to transition Sharee's Station to the Shared Channel and the Transmission Facilities on a mutually agreeable date determined by the parties that is on or before January 23, 2018 (the "Columbus Commencement Date"); *provided* that in no event shall the Columbus Commencement Date be designated by the parties as a date which is prior to the (i) FCC approval of this Agreement and issuance of the Columbus CP (as defined in Section 1.3) and (ii) completion of the 30-day period required to notify viewers and MVPDs (as described in Section 1.3); *provided further* that such Columbus Commencement Date shall be designated by the parties pursuant to the terms and subject to the conditions of *Schedule 1.2*.

1.3. FCC Matters.

(a) Within five (5) business days after the date of this Agreement, Sharee shall file with the FCC and thereafter diligently prosecute a minor change application for a construction permit for Sharee's Station in order to implement this Agreement (the "Columbus CP") (and, if required, include with such application a copy of this Agreement with appropriate redactions of confidential information). Sharer shall furnish Sharee with such information and assistance as Sharee may reasonably request in connection with Sharee's preparation of such application (or the covering license application). Neither party shall take any action that would reasonably be expected to result in the dismissal of the FCC application for the Columbus CP (or the covering license application). All costs associated with the minor change application and Sharee's covering license application shall be paid by Sharee. The parties shall cooperate in good faith to prepare, submit and prosecute any other applications with the FCC that may be necessary to implement the sharing arrangement contemplated by this Agreement, including without limitation license applications for the Shared Channel and any necessary community of license change.

(b) After grant of the Columbus CP, the parties, at Sharer's expense, shall timely make any necessary modifications to the Transmission Facilities to comply with the Columbus CP. Sharee shall timely transmit the required notices to viewers and MVPDs thirty (30) days prior to the Columbus Commencement Date. Within two (2) business days after the Columbus Commencement Date, Sharee shall file with the FCC and thereafter diligently prosecute a license application to cover the Columbus CP.

1.4 Consideration. In consideration of the rights and responsibilities described in this Agreement, Sharer and Sharee agree as set forth on *Schedule 1.4*.

1.5. Actions Prior to Commencement of Sharing.

(a) Sharee Access. From the date of this Agreement until the Columbus Commencement Date, Sharer shall give Sharee reasonable access, during normal business hours, on reasonable prior notice to Sharer, to the Transmission Facilities for the sole purpose of implementing the channel sharing contemplated by this Agreement, so long as such access does not unreasonably interfere with Sharer's business, operations, broadcasts or facilities.

(b) Shared Operating Plan. From the date of this Agreement until the Columbus Commencement Date, the parties shall confer in good faith for the purpose of developing a plan to address technical planning considerations and ongoing operational matters of the Shared Channel, including technical discussions to coordinate the transition of Sharee's Station's existing operations to the Shared Channel and appropriate pre-commencement testing for shared operations.

1.6. Conversion to Multicast

(a) Grant. Sharer hereby gives, grants, and delivers to Sharee, and its successors and assigns, the sole and exclusive right and election, on the terms and conditions hereinafter set forth, effective as of the date hereof, to cause the parties to enter into the Multicast Channel Programming Agreement with respect to Sharer's Station (the "Multicast Agreement"), substantially in the form of *Exhibit A* (the "Multicast Right").

(b) Exercise. Sharee may exercise the Multicast Right at any time during the Term of this Agreement following the Columbus Commencement Date or a date otherwise eligible to be the Columbus Commencement Date pursuant to the terms and subject to the conditions of *Schedule 1.2*, which exercise shall be effective upon delivery of written notice thereof (the "Exercise Notice"). Upon exercise of the Multicast Right, Sharer and Sharee shall be obligated to enter into the Multicast Agreement, substantially in the form of *Exhibit A*, to be executed and delivered pursuant to the terms and subject to the conditions of Section 1.6(c), below.

(c) Multicast Agreement Exchange. Upon, and not more than five (5) business days following delivery of the Exercise Notice, the parties shall deliver to one another an executed Multicast Agreement in the form of *Exhibit A* (the "Multicast Agreement Exchange"), effective as of a date that is designated in writing by Sharee in such Exercise Notice that is no less than ninety (90) days from the date of the Exercise Notice (the "Multicast Effective Date").

(d) Termination. In the event that the parties effect a Multicast Agreement Exchange, this Agreement shall terminate as of the Multicast Effective Date; provided, for the avoidance of doubt, that any obligation or liability that has accrued prior to the Multicast Effective Date shall survive termination of this Agreement pursuant to the terms and subject to the conditions of Section 5.1(d).

(e) Reversion Rights. In the event that this Agreement shall be terminated pursuant to Section 1.6(d), the spectrum usage rights with respect to the FCC license of Sharee's Station shall revert to Sharer, and Sharer may file an application with the FCC to change its FCC license to non-shared status, or, at its sole discretion, elect to channel share with another party.

## ARTICLE 2: CAPACITY AND FCC LICENSES

2.1. Allocation of Bandwidth. Pursuant to the Channel Sharing Rules, from and after the Columbus Commencement Date, Sharer and Sharee shall share the 6 MHz Shared Channel (or 19.39 Megabits per second ("Mb/s")) as allocated under the current ATSC 1.0 system) in accordance with the allocation set forth on *Schedule 2.1*. Sharer and Sharee may change the allocation of bandwidth set forth on *Schedule 2.1* at any time as they may mutually agree, provided that any allocation shall comply with the FCC's requirements and, at a minimum, shall provide that each channel sharing licensee shall retain spectrum usage rights adequate to ensure a sufficient amount of the Shared Channel capacity to allow it to provide at least one Standard Definition over-the-air program stream at all times. In the event this Agreement expires by its terms or is terminated pursuant to Section 5.1, from and after any such termination, Sharer shall retain the exclusive right to use the Shared Channel and Sharee shall have no further right to use the Shared Channel.

2.2. Sublease of Spectrum Rights. Either party shall have the right to sublease, transfer or otherwise dispose of any portion of the spectrum allocated for its use under this Agreement and its rights under this Agreement (a "Sub-Sharing Arrangement") to any unaffiliated third party, which right shall include the right to enter into a local marketing agreement, time brokerage agreement, or similar third party arrangement. In no event shall a Sub-Sharing Arrangement relieve the party hereunder entering into such Sub-Sharing Arrangement of any of its obligations hereunder.

2.3. Encoding. In order to take advantage of a Stat Mux pool, Sharer and Sharee may implement a single, redundant common encoding pool. From and after the Columbus Commencement Date, each of Sharer and Sharee shall have the right to monitor in real time and audit the Shared Channel's encoding system to ensure compliance with Section 2.1 and *Schedule 2.1*. Each of Sharer and Sharee shall make all records of such encoding available to the other upon written request during normal business hours.

### 2.4. Technical Changes.

(a) Mandatory Changes. From and after the Columbus Commencement Date, in the event that the FCC requires new standards of modulation or other technical or other modifications to the operation of the Transmission Facilities or the Shared Channel, the parties will timely make any such modifications in compliance with such requirements established by the FCC. Sharer shall be responsible for any costs to implement such modulation or technical changes. In the event that such changes alter the available bandwidth on the Shared Channel, Sharer and Sharee will cooperate to divide the available bandwidth following such modifications, subject to Section 2.4(b) if applicable.

(b) New Transmission Technologies. Sharer shall not adopt or deploy the new modulation standard or transmission technology currently known within the television industry as ATSC 3.0 (“ATSC 3.0 Upgrade”) for the Shared Channel without the prior written consent of Sharee (which shall not be unreasonably withheld, delayed or conditioned). Notwithstanding the foregoing, Sharer may upgrade Sharer’s Station to ATSC 3.0, in its sole discretion, at such time as more than seventy percent (70%) of the stations in the DMA are broadcasting exclusively in ATSC 3.0. Any budget and timeline for implementing the ATSC 3.0 Upgrade shall comply with applicable FCC rules and regulations and meet generally accepted industry standards. Sharer shall be responsible for all costs associated with the ATSC 3.0 Upgrade.

(c) Other Upgrades. Nothing in this Agreement is intended to prohibit either Sharer or Sharee from implementing new transmission systems or new technical standards for its station using the Shared Channel, unless any such new system or standard could reasonably be expected to adversely affect the other party’s station or the Shared Channel, require the other party to make a material change in its operations or reduce or change the other station’s coverage area, in which event the other party’s consent shall be required prior to implementing such new system or standard.

2.5. Use of Capacity. Each party shall have the right to use its allocated capacity on the Shared Channel in such party’s sole discretion in accordance with the terms of this Agreement and all FCC rules and regulations, including without limitation broadcasting one stream or multiple streams and broadcasting content provided by third parties. Neither party shall take any action that interferes with the other’s use of capacity on the Shared Channel or the Transmission Facilities. Each party shall have the right, in its sole discretion, to enter into additional channel sharing agreements within its allocated capacity that do not have a material adverse effect on the other party’s station or the Shared Channel.

2.6. Transmissions. Each of Sharer and Sharee shall be responsible, at its sole expense, for transmitting its station’s programming in a broadcast-ready final format to the Transmitter Site or other receive site reasonably designated by Sharer. Sharer shall not alter the content provided by Sharee, provided, however that Sharer may encode, compress or modulate Sharee’s content as required to statistically multiplex together the parties’ content streams using the parameters set forth in this Agreement.

2.7. FCC Licenses.

(a) Authorizations. Each party shall maintain all main station broadcast licenses issued by the FCC necessary for its operations on its station in full force and effect during the Term. Neither party shall make any filing with the FCC to modify the Shared Channel without the prior written consent of the other party.

(b) Compliance with Law. Each party shall comply with this Agreement, the Communications Laws, the Channel Sharing Rules, and with all other FCC and other applicable laws with respect to its ownership and operation of its station subject to this Agreement and its use of the Shared Channel. In the event that the FCC adopts changes to the Channel Sharing Rules, the parties will undertake good faith negotiations to amend this Agreement in order to

comply with such changes to the Channel Sharing Rules. Sharer shall be solely responsible for all content it transmits on the Shared Channel, and Sharee shall be solely responsible for all content it transmits on the Shared Channel.

(c) Control. Consistent with FCC rules, each party shall control, supervise and direct the day-to-day operation of its station subject to this Agreement (including its employees, programming and finances), and nothing in this Agreement affects any such respective responsibilities. Neither party shall use the call letters of the other's television station in any medium, except in correspondence with the FCC related to the performance of this Agreement. Without limiting the generality of the foregoing, nothing in this Agreement is intended, nor shall be construed, to establish a joint sales relationship between the parties and in no event shall either party have the right to conduct advertising sales on behalf of the other or to hold itself out as the agent of the other party for such sales.

(d) Channel Sharing Documents. Each party shall notify the other of all documents filed with or received from the FCC with respect to this Agreement, the transactions contemplated hereby or the Shared Channel, and shall provide the other with copies of such documents to the extent permitted by FCC rules and other applicable laws.

(e) FCC Fees. Each of Sharer and Sharee shall be responsible for timely payment of all fees owed by it to the FCC with respect to its television station using the Shared Channel.

2.8. Must-Carry and Retransmission Consent. Each party shall be solely responsible for exercising must-carry or retransmission consent rights (or any other right of distribution) for its respective station, and neither party shall have any use, claim, or benefit of, or derive any carriage rights from or have any obligation under any carriage agreement of the other party. If a party electing must-carry rights becomes subject to a "market modification" or similar petition filed by any MVPD with respect to carriage of its station subject to this Agreement, it shall, within five (5) business days of receipt, notify the other party and provide a copy of such petition.

### ARTICLE 3: OPERATIONS

#### 3.1. Transmission Facilities.

(a) Transmitter Site. Subject to the Transmission Facilities Lease, Sharer shall provide Sharee with access to the Transmission Facilities twenty-four (24) hours a day, seven (7) days a week, including a right to ensure ongoing broadcast operations in the ordinary course consistent with past practices of Sharer's Station and good engineering practices customary in the television broadcast industry.

#### (b) Transmission Facilities Lease.

(i) Prior to the Columbus Commencement Date, Sharer shall deliver to Sharee an estoppel certificate or similar written instrument executed by the landlord under the

Transmission Facilities Lease confirming Sharee's right to access the Transmitter Site, the rent and term of such lease and that there are no defaults thereunder.

(ii) During the Term, Sharer shall maintain the Transmission Facilities Lease in full force and effect, not default under such lease, enforce its rights and remedies under such lease and promptly provide Sharee with copies of all notices given or received under or amendments to such lease.

(iii) Sharee shall not take any action that would cause Sharer to be in breach of or default under the Transmission Facilities Lease.

(c) Shared Equipment. A list of material items of Shared Equipment as of the date of this Agreement has been prepared and separately agreed to by the parties, and such list may be updated by the parties upon mutual written agreement. The Shared Equipment shall include any replacements of such items or additions thereto as mutually agreed by the parties from time to time in accordance with this Agreement. Title to all items comprising the Shared Equipment shall remain with Sharer. The shared use under this Agreement does not constitute a conveyance of title. Sharee may use the Shared Equipment only in accordance with good engineering practices and only in the operation of Sharee's Station and for no other purpose. Sharer shall maintain the Transmission Facilities consistent with good engineering practices and shall determine, in its reasonable good faith discretion, any ordinary course maintenance and repairs, non-ordinary course capital expenditures, upgrades or replacements necessary or desirable with respect to the Transmission Facilities.

(d) Exclusive Equipment. Subject to any restrictions imposed by the Transmission Facilities Lease, Sharee may install equipment owned solely by it at the Transmitter Site. Each party shall, at its own expense, maintain, repair and replace any equipment owned or leased solely by it located at the Transmitter Site in accordance with past practice. Title to all such equipment solely owned by a party shall remain with such party.

(e) Operations. Sharee shall not permit to exist any lien, claim or encumbrance on the Transmission Facilities, except with respect to transmission equipment owned separately by Sharee and that it is not part of the Shared Equipment. Each of Sharer and Sharee shall:

(i) not interfere with the business and operation of the other's television station or the other's use of such facilities;

(ii) use the Transmission Facilities only for the operation of its television station in the ordinary course of business, including any purpose permitted under the terms of its station's FCC authorizations and the Communications Laws;

(iii) maintain, at its own expense, sufficient insurance with respect to its use of the Transmission Facilities and operations from the Transmission Facilities during the Term and name the other broadcaster as an additional insured under such policies; and

(iv) comply in all material respects with all laws applicable to its operations relating to the Transmission Facilities.

(f) Alterations to Transmission Facilities. In the event Sharer wishes to make an expenditure to upgrade or replace the Transmission Facilities or any portion thereof, Sharer shall have the right to purchase and install the desired equipment at its sole cost and expense, and Sharer shall retain sole title to such equipment; provided that such equipment does not (1) interfere with, harm or adversely affect the Transmission Facilities or other operations of Sharee's Station or (2) degrade the signal of Sharee's Station.

(g) Interruptions. If the Transmission Facilities suffer an unexpected failure such that a party must temporarily cease broadcasting or operate at reduced power levels, Sharer shall use commercially reasonable efforts, consistent with good engineering practices, to repair the Transmission Facilities to return the stations using the Shared Channel to operations at full authorized power as promptly as practicable. In addition, in the event of planned repairs to the Transmission Facilities, Sharer and Sharee shall coordinate such repairs (and any related downtime), including by providing advance notice of such repairs to the extent reasonably practicable. If necessary, the non-requesting party shall temporarily reduce, limit or cease use of the Shared Equipment, the Shared Channel or its own equipment located at the Transmitter Site; provided that the requesting party shall take all reasonable steps to minimize the amount of time the non-requesting party shall operate with reduced facilities and that the requesting party shall take all reasonable steps to schedule such installation, maintenance, repairs, removal or work at a time convenient to the non-requesting party, between the hours of midnight and 5 a.m. if practicable. Except as may be required in the event of an emergency, neither party shall have the right to temporarily reduce or suspend the broadcast service of the other party without the prior consent of such other party (which consent shall not be unreasonably withheld, conditioned or delayed) if such temporary reduction or suspension requires prior approval of the FCC.

(h) Sharee Self-Help. Without limiting its general access rights to the Transmission Facilities, in the event of a material breach by Sharer of its repair obligations with respect to the Transmission Facilities and failure to cure (upon reasonable notice thereof) by Sharer, Sharee shall have the right to undertake itself any necessary maintenance or repairs, and Sharer shall promptly (and in any event within thirty (30) days after invoice) reimburse Sharee an amount equal to the total reasonable and customary, documented out-of-pocket expenses incurred by Sharee; provided that such maintenance or repair shall be undertaken by appropriately experienced individuals (determined in Sharee's good faith and reasonable discretion) and in a manner consistent with good engineering practices.

(i) Hazardous Materials. Each of Sharer and Sharee shall: (i) comply with all environmental laws applicable to its operations from the Transmission Facilities, (ii) not cause or permit the release of any hazardous materials on, to or from the Transmission Facilities in violation of any applicable environmental laws, (iii) not take any action that would subject the Transmission Facilities to permit requirements for storage, treatment or disposal of hazardous materials and (iv) not dispose of hazardous materials on the Transmission Facilities except in compliance with applicable law.

3.2. Interference. Neither Sharer nor Sharee shall modify its respective operations in any manner that could be reasonably expected to interfere with, or otherwise impair, the other party's broadcast operations or the video quality of end-user viewers in such a way that would be perceptible to the average viewer. The parties shall use commercially reasonable efforts to avoid interference between their respective operations and shall promptly resolve any interference that may arise in connection with such operation. In the event interference to such signals or operations does occur, the party experiencing interference shall notify the other party in writing and the party so notified shall take all commercially reasonable steps to correct such interference in all material respects as promptly as practicable.

3.3. Force Majeure. Neither party shall be liable to the other party for any failure or delay in the performance of its non-monetary obligations under this Agreement to the extent that the default or delay is caused by an event outside of its reasonable control, including without limitation a fire, flood, earthquake, war, act of terrorism, labor dispute, government or court action, failure of facilities or act of God.

3.4. Expenses.

(a) Operating Costs. The expenses of operating the Shared Channel and the Transmission Facilities shall be paid by Sharer. Sharee shall have no responsibility for any operating expenses, capital expenditures or costs to purchase or lease equipment with respect to the Shared Channel or the Transmission Facilities.

(b) Sole Costs of Each Party. Each of Sharer and Sharee shall be solely responsible for (i) costs for any necessary link between its station's studio site and the site in the DMA from which Sharer's Station transports its signal to the Transmitter Site for broadcast on the Shared Channel, (ii) all expenses related to any equipment solely owned by it and located at the Transmitter Site and (iii) all of its expenses not related to the Transmission Facilities. Sharee shall be responsible for the costs of delivering its signal to the Transmitter Site. Any out-of-pocket costs reasonably necessary to modify the Transmission Facilities for shared use under this Agreement shall be paid by Sharer.

3.5. Regulatory Obligations.

(a) Individual Regulatory Obligations. Each party shall use commercially reasonable efforts to ensure ongoing operations of Sharer's Station and Sharee's Station, as applicable, consistent with good engineering practices and in a manner compliant with the Communications Laws. Such commercially reasonable efforts shall include, at minimum, prompt notice to the other party of material communications to and from the FCC that may relate to a station's operations and frequent coordination to minimize any necessary disruptions to operations that may affect both stations. Each party shall be responsible for compliance with provisions of the Communications Laws pertaining to its programming, personnel, finances and regulatory reporting obligations.

(b) FCC Conditions. If the FCC imposes a condition on the approval, performance or terms and conditions of this Agreement or any of the FCC applications filed pursuant to this Agreement that (i) has the effect of materially increasing the cost of performance

by a party of its obligations under this Agreement or (ii) that cancels, changes or supersedes any material term or provision of this Agreement (collectively, a “Regulatory Condition”), then the parties shall negotiate in good faith to modify this Agreement in a manner consistent with the form, intent, and purpose of this Agreement and as may be necessary to comply with such Regulatory Condition, while maintaining to the greatest extent possible the benefit of the bargain of this Agreement prior to the imposition of such Regulatory Condition, provided that no party shall be required to agree to any amendment that would deprive that party of a material benefit of this Agreement.

### 3.6. Representations and Warranties.

(a) Organizational Matters. Each party hereto represents and warrants to the other party hereto that: (i) it is a corporation, limited liability company or general partnership (as applicable) duly organized and validly existing under the laws of its place of organization, (ii) it is in good standing in the jurisdiction of its organization and, if necessary, is qualified to do business in the state in which the Transmitter Site is located, (iii) it has full power and authority and has taken all corporate action necessary to enter into and perform this Agreement and to consummate the transactions contemplated hereby and (iv) this Agreement is its legal, valid and binding obligation, enforceable in accordance with the terms and conditions hereof.

(b) Sharer Representations. Sharer represents and warrants to Sharee that: (i) it has obtained all main station FCC approvals necessary for its operations on Sharer’s Station as currently operated by it, (ii) its ownership and operation of Sharer’s Station complies with the FCC rules, regulations and policies and other applicable laws in all material respects, (iii) the main station FCC license for Sharer’s Station has not expired or been cancelled and is not subject to a non-final cancellation order or revocation order, (iv) it has provided a true, correct and complete copy of the Transmission Facilities Lease to Sharee, (v) the Transmission Facilities Lease is in full force and effect, and Sharer has not given or received any notice of default, cancellation or surrender under the Transmission Facilities Lease that has not been resolved and (vi) to Sharer’s knowledge, the Transmission Facilities are not subject to eminent domain, condemnation or similar proceedings.

(c) Sharee Representations. Sharee represents and warrants to Sharee that: (i) it has obtained all main station FCC approvals necessary for its operations on Sharee’s Station as currently operated by it, (ii) its ownership and operation of Sharee’s Station complies with the FCC rules, regulations and policies and other applicable laws in all material respects and (iii) the main station FCC license for Sharee’s Station has not expired or been cancelled and is not subject to a non-final cancellation order or revocation order.

## ARTICLE 4: INDEMNIFICATION

4.1. General Indemnification. Subject to Section 4.3, each party shall indemnify, defend and hold the other harmless from and against any and all loss, liability, cost and expense (including reasonable attorneys’ fees) arising from: (i) any breach of any representation or warranty made by it under this Agreement, (ii) failure to comply with the covenants and obligations to be performed by it under this Agreement and (iii) its use of the Transmission Facilities or the Shared Channel. The prevailing party in a lawsuit brought to enforce the

performance or compliance of any provision of this Agreement shall be entitled to recover reasonable attorneys' fees and costs from the non-prevailing party.

4.2. Programming Indemnification. Without limiting the terms of Section 4.1, subject to Section 4.3, each party shall indemnify, defend and hold the other harmless from and against any and all loss, liability, cost and expense (including reasonable attorneys' fees) arising from the programming, advertising and operation of its television station using the Shared Channel, including without limitation for indecency, libel, slander, infringement of trademarks or trade names, infringement of copyrights and proprietary rights, violation of rights of privacy and other violations of rights or FCC rules or other applicable law.

4.3. Liability. Except (a) to the extent arising from a claim against an indemnified party by a third party giving rise to a loss subject to indemnification hereunder or (b) in the case of personal injury, including death, and damages to tangible property caused by the gross negligence or willful misconduct of a party or its employees, agents or subcontractors, in no event shall any party have any liability, whether based on contract, tort (including negligence or strict liability), warranty or any other legal or equitable grounds, for any punitive, consequential, indirect, exemplary, special or incidental loss or damage suffered by the other arising from or related to the performance or nonperformance of this Agreement, including loss of data, profits, interest or revenue or interruption of business, even if such party has been informed of or might otherwise have anticipated or foreseen the possibility of such losses or damages.

4.4. Disclaimer of Warranties. EXCEPT AS OTHERWISE EXPRESSLY PROVIDED IN THIS AGREEMENT, INCLUDING THE EXPRESS REPRESENTATIONS AND WARRANTIES SET FORTH IN SECTION 3.6, NEITHER PARTY MAKES ANY OTHER REPRESENTATIONS OR GRANTS ANY WARRANTY, EXPRESS OR IMPLIED, EITHER IN FACT OR BY OPERATION OF LAW, BY STATUTE OR OTHERWISE, AND EACH PARTY SPECIFICALLY DISCLAIMS ANY OTHER REPRESENTATIONS AND WARRANTIES, WHETHER WRITTEN OR ORAL, OR EXPRESS OR IMPLIED.

## ARTICLE 5: TERMINATION AND REMEDIES

### 5.1. Termination.

(a) Breach. Either party may terminate this Agreement by written notice to the other party in the event of a material breach of or default by the other party under this Agreement which is not cured within ninety (90) days after written notice of such breach or default. For purposes of this Agreement, a material breach or default under this Agreement shall be defined as a breach of a material obligation of a party under this Agreement that results in a fundamental impairment of a party's ability to broadcast its programming on the Shared Channel.

(b) Loss of License.
