

REASONS FOR CANCELLATION

This LPTV station, operating on a channel above Ch. 37, has been displaced as a result of the FCC TV Spectrum Auction. Given the widespread and still prevailing destruction in Puerto Rico, including of towers, communication facilities and sites, caused by Hurricanes Irma and Maria, the great difficulty and uncertainty in relocating in a significantly compressed and crowded UHF band below Ch. 37, the depressed and uncertain economic conditions of Puerto Rico, the preservation of this facility has become economically unsustainable.
