

Based on the date WHDH-TV received a portion of the proceeds from the Incentive Auction as a result of its winning bid for WLVI to relinquish its spectrum rights to Channel 41 and to begin to share Channel 42 with WHDH, WLVI's deadline to begin such channel sharing is January 23, 2018. See DA 17-702, Appendix A. WLVI will begin program tests on Channel 42 beginning January 9, 2018, and subsequently will file an application for a license to cover those Channel 42 operations within 10 days of that date. WLVI's channel sharing construction permit contains no other special operating condition.
