Subject: Earlier Transition Impact on Rohde & Schwarz

Project: WBPI

Dear Mr. James,

Rohde & Schwarz USA is aware that station WBPI is in the process of requesting a waiver and/or Special Temporary Authorization to perform the transition of WBPI to an earlier Phase.

This letter is to confirm that the earlier transition of WBPI will not impair the ability of Rohde & Schwarz to provide the required transmitter and resources to early phase stations to complete their own transitions.

You, and your employees of WBPI are permitted to share this letter with the FCC, as required.

Sincerely,

A handwritten signature in black ink, consisting of several loops and a long horizontal stroke extending to the right.
