

REQUEST FOR EXTENSION OF SPECIAL TEMPORARY AUTHORITY

As the Commission is aware, K21FD-D, Taos, ETC, NM, FAC ID 48572, licensed Nexstar Broadcasting, Inc. (“Nexstar”), has been operating at reduced power based on a request from the U.S. Forest Service.¹ As disclosed in the original request for Special Temporary Authority (“STA”), the U.S. Forest Service requested the station reduce power until it had completed its technical review of the station’s facilities. That review has not yet been completed. Accordingly, Nexstar seeks an extension of the existing STA authority.
