**Engineering Statement**

**KUNP-LD – FI 34882**

**Waiver Request:**

The Licensee requests a waiver of the freeze on applications to file for a displacement channel in accordance with DA 14-808, as it has received a 120 day notification letter from T-Mobile. The Licensee intends to operate with an STA on a new frequency until such time that the displacement application is processed.

Applicant is seeking to operate on Ch 34@ 15 KW Full Service mask with the following antenna: Omnidirectional SWR, model SWMP160M, bearing azimuth N/A degrees, C/R HAMSL 532.5 M.

Application is within 3.2 km of KUFO-AM, a directional AM facility. Applicant certifies that AM licensee will be notified and, in the unlikely event of a need for coordination it will be performed with the licensee's cooperation. Please take note of the fact that there is no new construction at the existing tower used by the applicant.

Respectfully submitted,

B. W. St. Clair
