

Mountain Licenses, L.P.  
Legal STA Request  
March 14, 2018

This application for a digital Low Power Television station KCYU-LD, Channel 41, Yakima, WA, Facility ID 58694 (the “Station”) is in practical effect a request for extension of the authority granted in connection with STA File # 0000029147 (the “Initial STA Application”). A timely request to extend the Initial STA Application grant was not filed through inadvertent oversight. Grant of this application is therefore respectfully requested. Such grant would allow the Station to continue to provide valuable over-the-air service to the viewing public in its service area.

Copies of the narrative exhibit to the Initial STA Application and the related T-Mobile Displacement Letter are attached hereto.
