

**Maxair Media, LLC  
K42HL-D**

**Request for Extension of Special Temporary Authority**

**Request for Extension of Special Temporary Authority and Further Waiver of the  
Displacement Freeze**

By this application, Maxair Media, LLC requests extension of special temporary authority to operate on the channel proposed in a currently pending application requesting displacement from Channel 42 to Channel 31 and waiver of the displacement freeze (LMS File No. 0000030068, the “Displacement Application”). As described in its initial request for STA, K42HL-D received a 120 day notice from a 600 MHz licensee, a copy of which is attached hereto, indicating that the 600 MHz licensee intended to commence operation on December 26, 2017. Pursuant to the procedures described in the Commission’s Public Notice DA 17-584, Maxair Media, LLC filed the Displacement Application and requested and received Special Temporary Authority to operate on the channel and with the facilities proposed in that Displacement Application during processing of that application. K42HL-D implemented the STA in December 2017, and is currently operating the Channel 31 facilities specified therein. Maxair Media, LLC hereby requests extension of STA to continue that operation while the Displacement Application remains pending.
