

## AMENDMENT EXPLANATION

Applicant was originally displaced by a T-Mobile 120-day letter before the LPTV Special Displacement Window opened. At the time, Applicant sought channel 21 as its displacement channel, obtaining special temporary authority for that facility. Only with the opening of the LPTV Special Displacement Window was Applicant eligible/able to seek alternate channel 17, with a requested waiver until the current occupant of that channel repacks to its post-auction channel. This amendment therefore seeks channel 17 in lieu of channel 21 as a displacement channel for WLCF.
