

**Channel Sharing Transition PSA and Crawl
Regarding WLXI, Channel 43, Randleman, NC**

* * * * *

The FCC recently held a Spectrum Auction to help improve and expand wireless services across the country. Pursuant to this Spectrum Auction, at midnight on March 23, 2018, WLXI, will cease multi-channel broadcasting operations from its transmitter facility in Randleman, North Carolina and will begin permanent channel sharing operations with television station WUNC from its broadcast facilities in Chapel Hill, North Carolina. This change will only affect you if you obtain TV service utilizing an over-the-air antenna. If you subscribe to a cable, internet or satellite TV provider, they will make the necessary changes for you to continue receiving WLXI. However, if you have over-the-air TV, you may need to re-scan your TVs tuner to reacquire WLXI's 43.1 channel. For more information on how to rescan for channels and insure closed captioning reception, visit the FCC's online guide, which includes an instructional video, at www.fcc.gov/rescan, or call WLXI's Engineering Team at 618-997-4700.

WLXI, Greensboro, NC
Revised PSA Language
March 28, 2018 – April 18, 2018

The FCC recently held a Spectrum Auction to help improve and expand wireless services across the country. Pursuant to this Spectrum Auction, at midnight on April 18, 2018, WLXI, will cease multi-channel broadcasting operations from its transmitter facility in Randleman, North Carolina and will begin permanent channel sharing operations with television station WUNC from its broadcast facilities in Chapel Hill, North Carolina. This change will only affect you if you obtain TV service utilizing an over-the-air antenna. If you subscribe to a cable, internet or satellite TV provider, they will make the necessary changes for you to continue receiving WLXI. However, if you have over-the-air TV, you may need to re-scan your TVs tuner to reacquire WLXI's 43.1 virtual channel designation. For more information on how to rescan for channels and insure closed captioning reception, visit the FCC's online guide, which includes an instructional video, at www.fcc.gov/rescan, or call WLXI's Engineering Team at 618-997-4700.
