

TheDove Media requests waiver of the Displacement Freeze (see *Freeze on the Filing of Applications for Digital Replacement Translator Stations and Displacement Applications*, Public Notice, 29 FCC Rcd 6063 (MB 2014)). The waiver is requested in order to file an application for a new channel for this translator in view of the 120-day activation notification from a successful Incentive Forward Auction bidder in the area and to request STA to operate on that channel on a temporary basis in accordance with the procedures set forth in the Public Notice titled *Incentive Auction Task Force And Media Bureau Set Forth Tools Available To LPTV/Translator Stations Displaced Prior to the Special Displacement Window* (DA 17-584, June 14, 2017). The licensee is filing an application for a new channel that demonstrates compliance with the processing and interference standards and a companion STA request.
