To License to Cover for DTV Application

WCVI-TV, Christiansted, VI

Fac. ID 83304

CP Permit No. 0000035961

This exhibit is in reference to the Main Studio Location question in the License Certification Section of the License to Cover for DTV Application of WCVI-TV, Christiansted, VI. The question asks whether the Applicant's Main Studio Location complies with 47 C.F.R. Section 73.1125. The FCC rules were recently modified to no longer require a main studio location. At this time, Applicant does not maintain a Main Studio Location and does not anticipate having one in the future. Should Applicant decide to establish a Main Studio Location, Applicant will give notice to the FCC at that time.

In order to file this application, Applicant was required to input an address as a Main Studio Address. Because Applicant does not maintain a Main Studio Location, Applicant chose to use the address provided in the Applicant Information Section of this application to satisfy the Main Studio Address question.
