

## Acknowledgment and Waiver of Interference to Commonly Held Stations

Call Signs: WZCK-LD and W23BW-D

Facility IDs: 26603 and 67000

Applicant respectfully submits this acknowledgement of interference between its commonly owned or controlled stations WZCK-LD and W23BW-D and, to the extent necessary, seeks a waiver of the Commission's rules related to interference thresholds for LPTV and TV translator station protection of broadcast stations.<sup>1</sup>

Applicant has used *TVStudy* to identify Channel 24 as an available channel for the station's proposed displacement facility. Applicant acknowledges that relocating WZCK-LD to Channel 24 will result in interference to W23BW-D greater than the amounts LPTV and translator stations are allowed to create under the Commission's rules.<sup>2</sup>

The Commission may waive its rules on its own motion or upon a showing of good cause for a waiver.<sup>3</sup> The FCC has recognized that LPTV and TV translator stations may choose to accept interference from other stations.<sup>4</sup> Here, WZCK-LD and W23BW-D are commonly owned or controlled by Applicant's ultimate parent company. The licensee of W23BW-D has agreed to accept the interference that the relocation of WZCK-LD may create. Applicant therefore asks the Commission to grant the displacement application notwithstanding this interference and, to the extent necessary, waive section 74.793(e)-(h) of the rules governing interference thresholds for LPTV and TV translator stations to promote the public interest in timely broadcast relocation and in the continued provision of over-the-air television service to the public.
