The channel assignments requested in this application are part of a coordinated statewide TV translator plan throughout the state of Utah. Working with all parties, the engineering community has created a comprehensive plan that will relocate both in and out of band channels to create a working translator network. While little or no interference issues are anticipated, all parties have agreed to settle any perceived interference issues among themselves.

Environmental Statement:

Antenna is installed on an existing tower and the equipment installed in an existing building. No construction is involved.
