

## **Amendment of 1<sup>st</sup> Quarter 2018 Children's Programming Report**

**Station: KCNS, Facility #71586, San Francisco, CA**

This Amendment is being filed to correct the average number of hours per week of Core Programming broadcast by the station to 4.3 hours per week as a result of the following issues that were identified following the initial filing of the 1Q 2018 Children's Program Report.

### **Missing E/I Bug**

Subsequent to the initial filing of the report, the licensee was advised by SonLife Broadcasting Network that, due to a technical error which has since been corrected, the E/I bug did not appear on screen during 1 hour of "rescheduled" E/I programming, "Generation of the Cross" on Saturday, March 31, 7:00 AM. The episode was not rescheduled.

### **Correction to Number of Airings, "Crossfire Ministries Youth Service"**

This Amendment corrects an error in the total number of airings and pre-emptions reported for the E/I Core Program "Crossfire Ministries Youth Service". A pre-empted episode on March 31, 2018, 9:00 PM was originally reported as having aired, but it was not. This pre-emption along with an error in the total number of times the program aired at its regularly scheduled time, resulted in the total times aired being originally reported as 33, and was actually 31.
