

Purpose of Amendment

It is herein proposed to amend the following:

- Reduce the ERP from 15kW to 3kW
- Change the antenna from an ERI ALP8L2-ESW-323 to a Dielectric THV-5A13/VP-R C170 SM
- Change the antenna rotation from 260 degrees to 155 degrees
- Change the relative azimuth pattern
- Changed the polarization to elliptical
- Replace the technical statement attachment.
