To whom it may concern:

Iron County accepts the 7.06% interference currently predicted to Iron County translator station K33KF-D by the proposed change in output channel of station K21GW-D, facility ID No. 130155, File No. 0000052648. Iron County feels that the areas predicted to receive interference are served from a translator at a separate location that carries the same programming.

Dennis C. Johnson

Iron County Television Director
