ERP Amendment

This amendment addresses the predicted interference from station K09ZO-D LMS-0000053693 to recipient station K08QA-D. – LMS-0000050587

The K09ZO-D amendment application lowers the ERP of K09ZO-D to .050 KW which equals the ERP of K08QA-D.

Respectfully,

Mauri Kent Parsons

Technical Representative
