Dear Applicant:

We are currently processing the above captioned application. Our preliminary analysis indicates the following:

Specifically, the protected contour for the proposed digital displacement application LMS-0000051699 does not overlap with the protected contour of the existing analog license application file number BLTTL-20060901ACD.

In addition the proposed facility relocation distance is 47 miles which exceeds our 30 mile rule.

If you do not amend your application electronically within 30 days from the date of this letter to resolve the above deficiencies, we will dismiss your application.

Sincerely

Hossein Hashemzadeh
