

AMENDMENT REQUEST FILE # 0000053644

**Amendment of Displacement Application of K49IT-D
To Correct Proposed Channel 18 at Hagerman, Idaho
May 14, 2018**

This amendment to pending application file # 0000053644 to correct the channel requested from CH25 to CH18. The application was inadvertently filed with the incorrect displacement channel number. This amendment corrects the requested displacement channel to CH18.

The Hagerman Translator District (HTD), licensee of Digital TV Translator Station K49IT-D at Hagerman, Idaho respectfully requests to amend the pending application to specify CH18 as the displacement channel.

The translator currently operates on channel 49, which is outside of the new post-incentive auction core television spectrum. Consequently, the licensee must cease its operations on channel 49 in order to clear the spectrum in the area to enable the commencement of wireless operations in the band prior to the completion of the Post-Incentive Auction Repacking. The licensee proposes to move its operations to channel **18**.

The parameters of the proposed facility are as follows:
