

KQDS-TV currently is operating at approximately 60% of its authorized power under the authority of the instant Special Temporary Authority (“STA”). Upon informal advice of the Commission’s staff, KQDS-TV requests an extension of this STA because the staff plan to permit KQDS-TV to make this operation permanent as part of the repacking process subsequent to the conclusion of the broadcast incentive auction. Accordingly, KQDS-TV respectfully requests that the STA be extended for the maximum period of time.
