

EXPLANATION

Station WWCI-CD was taken silent on October 5, 2018. The station has been sold to HC2 Station Group, Inc. The Buyer plans to relocate the station and requested that the station be taken dark until it is able to file for and implement a construction permit to move the station. In the event that the station will remain off the air for more than 30-days, a request for Special Temporary Authority to remain dark will be submitted.
