File No.: 0000058499

Dear Applicant:

We are currently processing the above captioned application. Our preliminary analysis indicates the following:

The proposal was filed to modify an extension of a construction permit request LMS-0000053167 which cannot be modified. The active construction permit 0000004719 which was extended to expire April 22, 2019, by the extension request is the correct permit to modify. As a result, the above-mentioned proposal IS HEREBY DISMISSED.

If you desire to modify the existing minor change construction permit, please file a minor modification to modify LMS-0000004719.

Sincerely

Hossein Hashemzadeh
Deputy Chief
