In re: Low Power Television Application of:
La Palabra Viviente Ministries
Channel 9, Rio Grande City, TX
K48OL-D, File number:0000054611
Facility Id No.:130352

Dear Applicant:

We are currently processing your above-referenced displacement application. Our preliminary engineering review reveals that your proposed transmitter site is in close proximity to the Mexican border, coordination with the Government of Mexico was mandatory as prescribed by the Mexican USA Television Agreement. As a result of this coordination, the Mexican Department of Communications has informed the Commission that it would object to the grant of your proposed facilities because your proposed facilities would cause interference to channel 9 allotment in Reynosa, Tamaulipas.

You are required to amend your application to resolve this problem within (30) days of the date of this letter. If not, your application will be **CONSIDERED INCOMPLETE AND SUBSEQUENTLY DISMISSED**.

Sincerely
