

## **Request for Special Temporary Authority**

HC2 Station Group, Inc. (“HC2”) respectfully requests Special Temporary Authority (“STA”) to operate WRNT-LD (Hartford, CT, Facility: 26336 (“WRNT-LD”) on Channel 32. This STA utilizes the Antenna Location Data and Antenna Technical Data specifications outlined on the License to Cover Amendment Application: BMPDTL-2090506AAD, but utilizing the channel position of 32.

HC2 is operating in a resource-constrained environment due to the ongoing 600 MHz Incentive Auction repacking process. Broadcast station licensees currently have access to far fewer resources than they would have otherwise, a factor that the FCC and its bureaus acknowledged could become an issue when designing the repacking process to facilitate this “once-in-lifetime opportunity to expand the benefits of mobile wireless coverage.”<sup>1</sup>
