

Request for Special Temporary Authority

HC2 LPTV Holdings, Inc. (“HC2”) respectfully requests Special Temporary Authority (“STA”) to remain silent for a period of up to six months while repairs are facilitated for this Low Power Television (“LPTV”) station. The transmitter has been damaged by lightning and the licensee is working diligently to facilitate the replacement and repair of the required parts for this transmitter. The FCC has a history of granting such requests, particularly where, as here, the request is supported by good cause and granting it would further the public interest.¹

Moreover, granting this request would not implicate Section 312(g) of the Act, which generally limits silent station authorizations to 12 months.² In contrast, the STA requested here would be for a period of up to six months.

For these reasons, the Media Bureau should expeditiously grant HC2’s request for an STA to remain silent on the station for a period of up to six months while the necessary repairs are facilitated.

¹ See, e.g., Application 0000034182, KZSD-LP, Facility ID 57054 (granting an LPTV station an STA extension on October 26, 2017, to allow the station to address “the fact that the Station’s existing STA frequency will no longer be available in the reduced post-auction broadcast spectrum”); Application 0000030510, KDUG-LD, Facility ID 128855 (granting an LPTV station an STA extension on October 2, 2017, to accommodate its filing of a minor change application); Application 0000033847, KLFA-LD, Facility ID 13999 (granting an LPTV station an STA extension on October 17, 2017, to accommodate the station’s concern “over whether [it] will be able to have a broadcast channel to operate on following repacking”).

² See 47 U.S.C. § 312(g).
