Christopher Fleming  
Director of Engineering  
KKTV  
520 E Colorado Ave  
Colorado Springs, CO 80903  
[cfleming@kktv.com](mailto:cfleming@kktv.com)

It is ERI's understanding that KKTV is requesting FCC authorization to transition from Channel 49 to repacked Channel 26, earlier than its assigned Phase 8.

This letter is to confirm that efforts by ERI to complete equipment and installation services for KKTV's earlier transition will not impact our ability to meet other FCC Repack related obligations.

ERI has prepared for this increase in demand for its products and services and can accommodate KKTV's request for an April delivery schedule and desire to complete their transition by June 21, 2019 (Phase 3)

Should you have any questions, please feel free to contact me for any further clarifications.

Respectfully submitted,

**Shawn Knotts**
